PLASTIC BEEKEEPING PRODUCTS

FLETCHER FEEDERS

With ten's of thousands of these feeders in use, we believe that these are still the most durable, robust and longest lasting plastic frame type feeder available. Available in six sizes:

F.D. 7 litre - replaces 3 frames

F.D. 5 litre - replaces 2 frames

F.D. 3 litre - replaces 1 frame

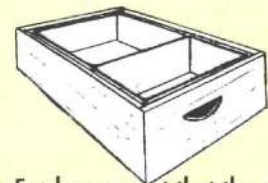

3/4D 3.7 litre - replaces 2 frames

3/4D 2 litre - replaces 1 frame

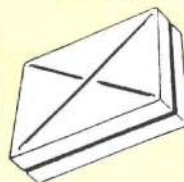

HD 1.5 litre - replaces 1 frame

HALF TOP FEEDERS

Ideal for dry or wet sugar feeding. Two feeders fit neatly into a half depth box leaving a 15mm to 20mm gap in the middle for the bees to come up. Capacity is 8 litres each.

WAX MOULDS - These are the same as Half Top Feeders, except that they are 60% heavier in their construction, and produce neat 8kg blocks of wax.

PLASTIC ROOFS

100% waterproof and ideal for hives that are on the move as the sides fit snugly to the side of the hive.

DRIP TRAYS

Designed for use with a small single stack pallet.

Ideal for honey house use.

New style now available that

goes inside small single stack pallet, leaving boxes in contact with wooden pallet rather than plastic which can be slippery.
