HONEY TINS

Dear Sir,

Following is our Price List for Honey Tins for the Coming Season. We are pleased to announce that in some instances these prices show a reduction on those of Last Season.

Prior to the War we produced a standard printed Honey Tin. This was designed for the producer who required an attractive pack but whose output was insufficient to warrant the expense of an exclusive design. This year we have reintroduced a new standard printed tin of particularly pleasing design which we feel sure will be warmly received by the honey producers. These are now available in the 5-lb. size only, but if the demand is sufficient we will print other sizes also.

A blank panel is left on the back of the tin in which the packer prints his own name and address with a rubber stamp. Upon request we shall be only too pleased to forward a sample of this new design tin.

We are now in a position to supply all orders promptly. In your own interests, however, we would appreciate receiving your orders as early as possible.

Yours faithfully,

ALEX. HARVEY & SONS LTD.
