We beg to advise that we will again be converting clients' block wax into Comb Foundation again this year. Please send wax in as early as possible after the 1st June - consign to Claudelands station and place your name and address in every case or package. Also advise us when sent. We cannot promise to convert any wax not in by the end of July. The usual 2½% will be deducted from your wax for wastage in making up.

Should you wish, we will accept block wax at the rate of 2/- per lb., in payment for converting. Also we will buy your spare wax at the same price.

Our price list for conversion is as follows:-

Under 10 lbs.	11d per lb.
10 lbs. and under 25 lbs.	10d "
25 lbs. and under 500 lbs.	9d "
Over 500 lbs.	8d "
Thin Super	1/6 "

You pay freight both ways, and any extra cases used in packing foundation will be charged to you.

We fully expect to convert your wax as in past years, but in the event of labour troubles, drastic power cuts, etc., we cannot hold ourselves responsible in any way.

Thanking you for previous business placed with us.

Yours faithfully,

PEARSON BROS.
