Dear Colin.

I expect that this will be my last letter to you as Chairman. I conclude that my time was up last Thursday or will be next Thursday. I have drafted the enclosed for my successor & would be grateful if you would return to me by air-mail so that I can sign & return in time for the meeting.

I have tendered my resignation to the Joint Committee & to the Trade Promotion Council. Conclude that my successor will carry on. I think that the Minister will make a new appointment for the T F C. The other is a matter for the Board to appoint someone.

Am wondering how you got on about the freight business. We will get good support & we must push this along for all that we can.

I am going to find it difficult to cut off my interests to know things. However you can appreciate that I am very interested to know just how the results of the years trading have worked out. I do hope that we can maintain the W C payout & give the L A chaps a bit more.

I saw Jack at the "Course" here. He was an good form & thinks he will have no difficulty in picking up the threads. He thinks that the Chairmanship rests between he & Dudley & --- according to him--- doesn't mind which way it goes!

I am returning my A T V book by surface mail. Will be in Hamilton for the Royal Show so if you are there be sure to look around the sheep pens.

Would love to be a fly on the wall & see Berry's reaction to an utter rout. I think that Jack will give him plenty to get on with.

Many thanks Colin for all your help & advice over the past 4 years. I do hope that you will look us up whenever you are in the South Island.

With kin, regards to everyone in the office & factory,

Yours sincerely,

*George Rumbell*
