This year's conference is in Gore - the centre of Southland beekeeping, from July 19-22.

You are assured of a warm welcome at Croydon Lodge with its excellent facilities and friendly helpful staff. Southland Branch members have been burning the midnight oil to ensure that all their visitors will be excited, stimulated, educated, and satisfied by the seminar speakers and conference activities.

Travel to Gore via either Dunedin or Invercargill - for the adventurous spirits amongst you we can arrange the last leg of the trip in a vintage Dominie or Tiger Moth.

Gore is within easy reach of southern skifields around Queenstown, the Catlins coast, Fiordland (try a trip to Milford Sound with the snow all around), and only a short hop from Stewart Island, the jewel of the South.

Annual dinner guests will be entertained by a distinctively Southern group. We know this will be a memorable night.

Costs are being kept to a minimum and our canny crew will ensure you get value for money.

Early registration is requested, see opposite page for full details. If you can't make up your mind write to the Conference Secretary for more information.

We are well aware that this season has been difficult but hope that many of you will be able to join us to address some of the serious matters facing our industry.

See you in Gore in July.
